### CLEAN-UP AUSTRALIA DAY

This year, our student leaders worked with our F/1 students as part of Clean Up Australia Day activities. Our junior students donned their Bunning's aprons, put on some gloves, and cleaned up our school grounds from top to bottom. The Year 1-2 students then did a final sweep of the yard after lunch. We then piled all the collected rubbish onto a giant sheet of paper and sorted it into various types. The two most common types of rubbish were chip bags and Glad Wrap. Our Environmental SALT addressed the students at assembly and are now looking at ways of reducing rubbish in the schoolgrounds. They are considering highlighting two main aspects – how food is being packaged and the placement of bins around the school yard.

### ENVIRONMENTAL SALT

This year, Eli, Izzy and Juliette make up our Environmental SALT Group. They are responsible for running a series of activities to highlight the importance of a clean environment.

### RUBBISH BEING SORTED

Our school yard is generally very clean; however, rubbish can be hidden in gardens, trees and blown out of bins. We need to be RESPONSIBLE for our actions.

### STUDENT OF THE WEEK

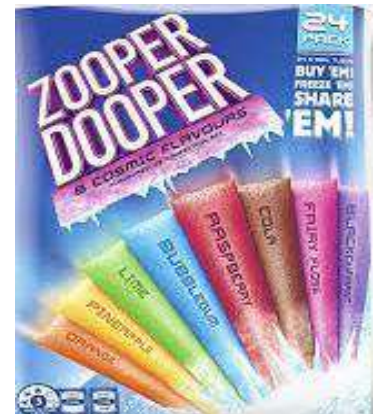

### ZOOPER DOOPERS

On Fridays, Year 5 students will be selling Zooper Doopers, at the beginning of the lunch break, from a table in the undercover area.

**When:** Every Friday unless advised otherwise.

**Cost:** 50 cents

### WADJINY

Students from Years F-6 participated in an 'Indigenous' workshop that focused on the key element of respect. Respect for the animals, respect for the land and respect for people. Students were introduced to elements of indigenous culture through song and dance.

### Earth Ed Visit
