ALLANSFORD ALIVE SCHOOL NEWSLETTER

STUDENT LEADER

Congratulations Kieran for running an excellent assembly last week. Kieran reflected on recent events and spoke with genuine enthusiasm about up-coming events. Kieran was genuinely excited leading up to his assembly and had been speaking about it at home in the previous weeks. Well done, Kieran!

STUDENT LEADER

Congratulations to Indy and her team who were the winners of level 3, division 2 at the Gymnastics Victoria West Championships on the weekend. The team have now qualified for the Victorian State Championships. Well done, Indy!

OUR VALUES AWARD

Our **"Values Award"** is presented to a student who has been modelling our school values and is selected by a student leader. Last week's Values Award was presented to Hayley (Year 2). Hayley was recognized for demonstrating excellent learning habits in the classroom and particularly for her well thought out reading responses. Well done, Hayley!

SHOWCASE

Congratulations to Viv, Evahni & Ronnie (Foundation) for sharing their 'Pizza Math's' activity. Each child spoke about their favourite shape on the pizza and the number of shapes altogether on their pizzas. This followed on from the student's writing a procedural text on how to make a pizza and then actually making one last week. Well done, Foundation!

OUR MELO AWARD

Our **"Melo Award"** is presented to a student who models our school values, and as a result, often helps others around them. Last week, the Melo Award was awarded to Fraser (Year 3-4). Fraser was recognised for his kindness and empathy toward his peers. Fraser is regularly acknowledged by his peers for the way he interacts and supports them. Well done, Fraser!

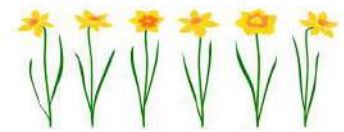

FRUIT – If any families have excess fruit growing at home, we would appreciate any contributions. We provide fruit for hungry little people when they require a bit extra to eat.

STUDENTS OF THE WEEK

ACCIDENT INSURANCE COVER

Please note, that with camps and swimming approaching, the department needs all parents to be aware of their stance in relation to student insurance and personal property. All water-based activities, excursions and camps require a Risk Register to be completed by the school, that identify possible risks, likelihood, consequences and actions to reduce risks.

STUDENT INSURANCE

Some school activities and physical education, particularly contact sports, carry inherent risks of injury. Parents are advised that the Department of Education **does not have Student Accident Insurance** cover for students.

Therefore, if your child is injured at school as a result of an accident or incident, all costs associated with the injury, including medical costs, are the responsibility of the child, parent or caregiver.

Some incidental medical costs may be covered by Medicare. If parents have private health insurance, some costs may also be covered through your private health insurance. Any other costs would be borne by the parents.

PERSONAL GOODS

Personal property is often brought to school by students, staff and visitors. This can include mobile phones, calculators, toys, sporting equipment and cars parked on school premises. The Department of Education does not hold insurance for personal property brought to schools and it has no capacity to pay for any loss or damage to such property.

We acknowledge the traditional owners of the land, the Gunditjmarra / Marr Nation people. We pay our respects to their elders past, present and emerging.

Term 3

What a term we have had! We have flown by the weeks of the time, as we have had heaps of fun engaging in a variety of activities and outdoor games. There have been numerous times where the children have shown their own creativity and imagination through play and creating their own group activities such as putting on a dance concert.

Games

This term the children got to spend a lot of time playing board games and indoor games like 'Twister' and 'Snakes and Ladders' on the rainy days. These games are a great way to get everyone involved, and we even had lots of competitive games of Uno happening!

Getting Creative!

We also expressed our creativity through our hands-on learning by making different slime, creating animal masks, building creatures from clay and constructing towers using wooden blocks and recyclable materials. The children show a great interest in creating new things and enjoy showing everyone their creative achievements.
